## Sure Way to Get Rid of Dandruff

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This dissolves it entirely. To do this, just get about four ounces of plain, ordinary liquid arcon; apply it at night when retiring; use enough to moisten the scalp and rub it to gently with the finger tips.

By morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single alien and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better. You can get liquid arcon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail—Adv.

## Says the Purity Squad Is Worse Than the Huns

Bolsheviki Outclassed By El Paso Officers Says Anonymous Critic.

Someone with access to Hotel Paso del Norte stationery is seriously offended at and conducting an active propaganda against the "clean-up" forces of El Paso.

The letter to the chamber of commerce says the El Paso papers are afraid to fight the officers in their "high handed" methods and threaten to "expose" El Paso id Collier's Weekly unless the chamber of commerce takes action. Both letters in many respects are identical in composition. Following are some of the extracts from one received by The Herald:

"A place at the report of that great detective agency, (not named) which probed the social evil in El Paso, most exhaustively and reported it to the purest city in this respect, at any place on earth.

Friday night last, an army of these so-called 'Purifiers' scoured the city with their ghastly work; the sanctity of no home was inviolate.

"Ask the hundreds of desirable citizens engaged in the reputable industry of rendering rooms how it has ruined their business, their serenity and their happiness.

"This matter is left to the fair-minded citizens of this city who have always been to the upholds of order and law. And not only is a cessation of these absurd tactics demanded but assurance to the public of this fact in the press, so we may again enjoy the stream of tourists who always in the past have played so great a part in our prosperity and who today shun our city, knowing a night's rest without disgraceful disturbance is almost unknown in our hotels and rooming houses here, under the present high-handed Red Guard, who make the El Paso look like lands and whose hypocritical acts are carried on under the overburdened cloak of 'Purity'."

The chamber of commerce letter charges that a man and wife cannot get apartments in an El Paso hotel without showing a marriage certificate.

The reading of the letter to the directors Tuesday caused considerable excitement among the directors.

## Professional Praises Work In Local Show

Director Rudnick Warmly Commends Talent In Fifth Cavalry Show.

"Gee, she's some gal, all right." This explanation, typically Cohanesque, but expressive of the feelings towards Mary Jenkins, the housemaid, will issue from the lips of "Kid" Burns, the character actor famous as George Cohan and Victor Moore in the former's play, "45 Minutes From Broadway," which will be presented at the Texas Grand theater December 14th and 15th, under the auspices of the Fifth Cavalry.

This vehicle, a satire on New Rochelle, which is just 45 minutes from New York's grand central station, is one of the cleverest and wittiest of all Mr. Cohan's endeavors and was the foundation of not only fame to its author, but tremendous fortune besides.

The entire play is full of wit, witticisms and epigrams which have become a byword, and new musical numbers have been added, which it is said will bring greater laurels to the various local players who are taking part.

Director Joe Rudnick says: "The fair debutantes and budding matrons of the El Paso society have indeed risen to the occasion and have unselfishly devoted their time for rehearsals and hard study in order to become thoroughly proficient in their roles."

They have achieved wonders, this expert director says, and he asserts that the entire performance is of a high standard of professional perfection worthy of commendation and applause.

Local El Paso players praise the cast as enthusiastically.

In the ranks of the chorus Mr. Rudnick says is the "heartily vivacious" youth, unmarred and unspoiled—just sweet, peach-like femininity, whose very presence permeates the atmosphere with the joy and nerve of youth, health and happiness. So there, it must be "some" chorus. He also says the cast of the show has been carefully selected in order to blend harmoniously in all of the play's musical numbers.

It is said that this comedy of the training camp is the most colorful picture the life of the soldier at the national cantonments. The principals in the story have many exciting adventures. Like "The Kingdom of Youth," Madge Kennedy's last great success, this picture is simple, clean, wholesome and pleasing.

## AUTO LICENSES READY SHORTLY

1919 Crop of Seals Will Be Delivered Within Next Few Days.

Automobile licenses for 1919 will be ready for issuance about December 15, according to E. W. Haight, assistant county collector, who received word from Austin that the 1919 seals will be delivered within a few days. The tax is officially payable commencing January 1, but owing to the great congestion caused by the 10,000 owners applying for their seals within the allotted 30 days, which was an inconvenience to the public and a hardship on the collector's staff, provisions were made for the early commencement.

**Numbers Identical.**  
The new seals are embossed with numbers identical to the number marked on the receipt given to each owner. This is supposed to prevent anybody from using a seal from another car, which was a simple affair with the present indistinguishable seals.

Preparations are being made for a busy week at the collector's office. There were 400 new number plates received Monday. A letter pertinent to state collection received by Mr. Haight revealed the following licenses issued from January 1, 1918 to December 1: Motor vehicles, 22,451; motorcycles, 2350; chauffeurs, 22,451; dealers, 4158; transfers recorded, 22,321.
